## RVS Group

Rathinavel Subramaniam Educational Trust (RVSET) is a premier educational trust with over 45 educational institutions offering technical and non technical education since 1983. With a thrust on skill enhancement through contemporary education, the RVS Educational Trust is changing the face of education in Tamil Nadu with its group institutions with an impressive list of graduates and post graduates in every field.

Today, after a momentous journey of almost three decades, the RVS group nurtures the nation's finest graduates who have distinguished themselves as industrialists, entrepreneurs, innovators, educationists, heads of prestigious organizations, practicing engineers; and even as sports persons and bureaucrats.

"Building an Intellectual Capital"

## RVS Dental College and Hospital

RVS Dental College & Hospital (RVS DC&H) situated at Kumaran Kottam Campus of Kannampalayam- Sulur was established in the year 2008 by our beloved chairman Dr K V Kupuswamy, an agricultural doyen and industrialist turned educationist with the vision to **"create, integrate and disseminate knowledge"**. His unflinching dedication and hard work has paved way in a steadily evolved meritorious progress of the college.

RVSDC&H is affiliated to **"The Tamilnadu Dr. M.G.R. Medical University, Chennai"** and is recognized by **"Ministry of Health and Family Welfare, Govt. of India and Dental Council of India, New Delhi"** in January 2013.

RVS DC&H situated on Trichy Road in the outskirts of Coimbatore (also known as Kovai) is an emerging and progressive institution which has achieved regional excellence in the field of Dental education and striving hard to contribute to the oral health care to the society.

## Bachelor of Dental Surgery (BDS)

- It offers Bachelor's degree course of 5 years duration (4 Years for Academic Education + 1 Year for Internship)
- This undergraduate course involves organization of teaching programs year-wise by integration of the Basic sciences, Clinical dentistry and practical/laboratory skills.
- It is designed & integrated in such a way to permit smooth progression from the pre-clinical to clinical phase.
- Collaboration is encouraged between teachers of basic sciences, dental sciences & clinical

## Program Outcomes:

This undergraduate program is intended to provide the students an appreciation of normal human structure, development, function & behaviour leading to understanding of the disease, its prevention & treatment.

Our aim is to produce a graduate competent in general dental practice & a sound knowledge of how to deal with dental emergencies to some extent along with medicine and surgery.

## Career Prospects

BDS is one of the most sought-after professional courses. After completing BDS, students look out for the best career options for a BDS graduate. There are vast career options after BDS from which a student can choose from. It totally depends on one's interests and priorities.

- Kick-start your own Dental Clinic
- Government/ Private job as a Dentist
